**Design Thinking Pre/Post Assessment**

Instructions: Label each stage of the Design Thinking process using the word bank below.

1. \_\_\_\_\_ Understand the challenge by empathizing with the people impacted.
2. \_\_\_\_\_ Identify a problem to solve and create a "How Might We" statement to prompt ideation.
3. \_\_\_\_\_ Generate as many ideas as possible in response to a "How Might We" statement.
4. \_\_\_\_\_ Create a tangible mockup of your idea to test.
5. \_\_\_\_\_ Share your prototype with others and collect feedback.
